Preventing Extremism and Radicalisation Policy

Introduction

Shoreham Academy is committed to providing a secure environment for students, where children feel safe and are kept safe. All adults in our school recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not.

In adhering to this policy and procedures staff and visitors will contribute to our school's delivery of the outcomes to all children, as set out in s10 (2) of the Children Act 2004.

This Preventing Extremism and Radicalisation Safeguarding Policy is one element within our overall school arrangements to Safeguard and Promote the Welfare of all Children in line with our statutory duties set out at s175 of the Education Act 2002 (s157 of the Education Act 2002.)

Our school's Preventing Extremism and Radicalisation Safeguarding Policy also draws on up to date national guidance around these matters, especially DfE Guidance annual updates within "Keeping Children Safe in Education". Local West Sussex contextual information also form a crucial part of the school's approach and strategy.

Definitions and Indicators

Radicalisation is defined as the act or process of making a person more radical or favouring of extreme or fundamental changes in political, economic or social conditions, institutions or habits of the mind. Extremism is defined as the holding of extreme political or religious views.

There are a number of behaviours which may indicate a child is at risk of being radicalized or exposed to extreme views. These include:

- Spending increasing time in the company of other extremists
- Changing their style of dress or personal appearance to accord with the group
- Day-to-day behaviour becoming increasingly centred on an extremist ideology, group or cause
- Loss of interest in other friends and activities not associated with the extremist ideology, group or cause
- Possession of materials or symbols associated with an extremist cause
- Attempts to recruit others to the group / cause
- Communications with others that suggests identification with a group, cause or ideology
- Using insulting or derogatory names for another group
- Increase in prejudice-related incidents committed by that person – these may include:

- Physical or verbal assault
- Provocative behaviour
- Damage to property
- Derogatory name calling
- Possession of prejudice-related materials
- Prejudice related ridicule or name calling
- Inappropriate forms of address
- Refusal to co-operate
- Attempts to recruit to prejudice-related organisations
- Condoning or supporting violence towards others

School Ethos and Practice

When operating this policy we use the following accepted Governmental definition of extremism which is:

‘Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas’.

The full Government Prevent Strategy can be viewed at:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/97976/pr-event-strategy-review.pdf

There is no place for extremist views of any kind in our school, whether from internal sources (students, staff or governors), or external sources (school community, external agencies or individuals). Our students see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this – we have a duty to ensure this happens.

As a school we recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for children and so should be addressed as a safeguarding concern as set out in this policy. We also recognise that if we fail to challenge extremist views, we are failing to protect our students.

Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this; equipping young people with the knowledge, skills and critical thinking, to challenge and debate in an informed way.

We therefore will provide a broad and balanced curriculum, delivered by skilled professionals, so that our students are enriched, understand and become tolerant of difference and diversity and also to ensure that they thrive, feel valued and not marginalized.

We are also aware that young people can be exposed to extremist influences or prejudiced

views from an early age which emanate from a variety of sources and media, including via the internet, and at times students may themselves reflect or display views that may be discriminatory, prejudiced or extremist, including using derogatory language.

Any prejudice, discrimination or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in line with our Behaviour and Discipline Policy for students and the Code of Conduct for staff.

Where misconduct by a teacher is proven the matter will be referred to the National College for Teaching and Leadership for their consideration as to whether to a Prohibition Order is warranted.

As part of wider safeguarding responsibilities school staff will be alert to:

- Disclosures by students of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where students have not actively sought these out
- Graffiti symbols, writing or art work promoting extremist messages or images
- Students accessing extremist material online, including through social networking sites
- Parental reports of changes in behaviour, friendship or actions and requests for assistance
- Partner schools, local authority services, and police reports of issues affecting students in other schools or settings
- Students voicing opinions drawn from extremist ideologies and narratives

- Use of extremist or 'hate' terms to exclude others or incite violence
- Intolerance of difference, whether secular or religious or, in line with our equalities policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture
- Attempts to impose extremist views or practices on others
- Anti-Western or Anti-British views

Our school will closely follow any locally agreed procedure as set out by the Local Authority and/or our Safeguarding Children Board's agreed processes and criteria for safeguarding individuals vulnerable to extremism and radicalisation. In the event of concerns about a person becoming radicalised consideration will be given to using the LA Channel process. Channel is a bespoke panel which meets to address issues of individuals who have been identified as being at risk of radicalisation but have not committed any terrorism offence. The Channel Panel meets when a referral has been made and referrals can be made by anyone.

Teaching Approaches / Curriculum

We will all strive to eradicate the myths and assumptions that can lead to some young people becoming alienated and disempowered, especially where the narrow approaches children may experience elsewhere may make it harder for them to challenge or question these radical influences. In our school this will be achieved by good teaching, primarily via PSHE but also by adopting the methods outlined in the Government's guidance 'Teaching approaches that help

build resilience to extremism among young people' DfE 2011.

We will ensure that all of our teaching approaches help our students build resilience to extremism and give students a positive sense of identity through the development of critical thinking skills. We will ensure that all of our staff are equipped to recognize extremism and are skilled and confident enough to challenge it.

We will be flexible enough to adapt our teaching approaches, as appropriate, so as to address specific issues so as to become even more relevant to the current issues of extremism and radicalisation. In doing so we will apply the 'key ingredients' for success as set out in the Table at Page 15 of that document, see Appendix A, and we will apply the methodologies set out in that document following the three broad categories of:

1. Making a connection with young people through good [teaching] design and a student centred approach
2. Facilitating a 'safe space' for dialogue
3. Equipping our students with the appropriate skills, knowledge, understanding and awareness for resilience.

Therefore this approach will be embedded within the ethos of our school so that students know and understand what safe and acceptable behaviour is in the context of extremism and radicalisation. This will work in conjunction with our school's approach to the spiritual, moral, social and cultural development of students as defined in Ofsted's School Inspection Handbook and will include the sound use of assemblies to help further promote this rounded development of our students. Our goal is to build mutual respect and understanding and to promote the use of dialogue not violence as a form of conflict resolution. We will achieve this by using a curriculum that includes:

1. Citizenship programmes
2. PSHCE programmes
3. Open discussion and debate
4. Assemblies
5. Work on anti-violence and a restorative approach addressed throughout curriculum
6. Focussed educational programmes
7. Promotion of British Values across the curriculum

At our school we will promote the values of democracy, the rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage students to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our students safe and prepare them for life in modern multi-cultural Britain and globally.

We recognise, however, that the ethos of our school is to encourage students to understand opposing views and ideologies, appropriate to their age, understanding and abilities, and to be able to actively engage with them in informed debate, and we may use external agencies or speakers to facilitate and support this.

By delivering a broad and balanced curriculum, augmented by the use of external sources

where appropriate, we will strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability but also to help students develop the critical thinking skills needed to engage in informed debate.

Whistle Blowing

Where there are concerns of extremism or radicalisation students and staff will be encouraged to make use of our internal systems to whistle blow or raise any issue in confidence.

Child Protection

Please refer to our Child Protection Policy for the full procedural framework on our Child Protection duties.

Staff at our school will be alert to the fact that whilst Extremism and Radicalisation is broadly a safeguarding issue there may be some instances where a child or children may be at direct risk of harm or neglect. For example, this could be due to a child displaying risky behaviours in terms of the activities they are involved in or the groups they are associated with or staff may be aware of information about a child's family that may equally place a child at risk of harm. (These examples are for illustration and are not definitive or exhaustive) Therefore all adults working at our school (including visiting staff, volunteers, contractors and students on placement) are required to report instances where they believe a child may be at risk of harm or neglect to the Designated Safeguarding Lead or Principal.

Role of the Designated Safeguarding Lead

The Designated Safeguarding Leads are: Mr Martin Sacree (Vice Principal), Mrs Lydia Shelley (Assistant Principal)

The Designated Child Protection Officer is: Miss Carolyn Gilding

The Designated Safeguarding Leads work in line with the responsibilities as set out in the DfE Guidance 'Keeping Children Safe in Education'.

The Designated Safeguarding Lead is the focus person and local 'expert' for school staff, and others, who may have concerns about an individual child's safety or well-being and is the first point of contact for external agencies

In line with Recommendation 2 of Peter Clarke's Report; In Shoreham Academy, the role of the Designated Safeguarding Lead will be extended, at the appropriate time, to include the responsibilities of the PREVENT strand of the Government's counter-terrorism strategy.

Training

Whole school in-service training on Safeguarding and Child Protection will be organised for

staff and governors at least every three years (along with annual -sometimes termly- update sessions) and will comply with the prevailing arrangements agreed by the Local Authority and the Safeguarding Children Board and will, in part, include training on extremism and radicalisation and its safeguarding implications.

The Designated Safeguarding Lead will attend training courses as necessary and the appropriate inter-agency training organised by the Safeguarding Children Board at least every two years, again this will include training on extremism and radicalisation and its safeguarding implications.

Recruitment

The arrangements for recruiting all staff, permanent and volunteers, to our school will follow LA guidance for safer recruitment best practice in education settings, including, but not limited to, ensuring that DBS checks are always made at the appropriate level, that references are always received and checked and that we complete and maintain a single central record of such vetting checks.

We will apply safer recruitment best practice principles and sound employment practice in general and in doing so will deny opportunities for inappropriate recruitment or advancement. We will be alert to the possibility that persons may seek to gain positions within our school so as to unduly influence our school's character and ethos. We are aware that such persons seek to limit the opportunities for our students thereby rendering them vulnerable to extremist views and radicalisation as a consequence.

Therefore, by adhering to safer recruitment best practice techniques and by ensuring that there is an on-going culture of vigilance within our school and staff team we will minimise the opportunities for extremist views to prevail.

Role of Governing Body

The Governing Body of our School will undertake appropriate training to ensure that they are clear about their role and the parameters of their responsibilities as Governors, including their statutory safeguarding duties.

The Governing Body of our school will support the ethos and values of our school and will support the school in tackling extremism and radicalisation.

In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education' the governing body will challenge the school's senior management team on the delivery of this policy and monitor its effectiveness.

Governors will review this policy regularly (every two years) and may amend and adopt it outside of this timeframe in accordance with any new legislation or guidance or in response to any quality assurance recommendations pertaining to the delivery of this policy and the overall safeguarding arrangements made.

Policy Adoption, Monitoring and Review

This policy was considered and adopted by the Governing body in line with their overall duty to safeguard and promote the welfare of children as set out in the DfE guidance 'Keeping children Safe in Education'

Parents will be issued with a hard copy of this policy on request. This policy will also be made available to parents via the school website.

The Principal will actively evaluate the effectiveness of this policy by monitoring the staff group's understanding and application of the procedures within this policy as their overall duty to safeguard children.
